

Capital Campaign Update

CONGRATULATIONS! We reached over \$1 million in collections in October putting us ahead of schedule in achieving the pledged amount of \$1.6 million. Thank you to everyone for your gifts in support of our campaign projects. Several of the large projects such as the church floor/carpeting, and gym floor have been completed. We still have some major projects ahead like the school heating system, church roof and stained glass windows. These cannot not be accomplished without your continuing, steadfast support.

Project Update

Planning for the work on the school heating system continues. This project is planned for the summer of 2016. Thank you to Jack King and Andrew Krzysiek for all that they are doing to shepherd this project to completion.
